

HELP YOUR KIDS TO

ACHIEVE SUCCESS

Bright Futures LAB Tutoring Center's offers student-centered academic support in order to facilitate the individualized learning process for each and every student. Our staff strives to continuously maximize academic potential, while promoting student success in a safe and welcoming environment.

OUR MISSION

Our MISSION is to inspire students to become confident and independent learners, while preparing them to meet academic and personal challenges. We do this by providing comprehensive, individually focused learning that prepares students of all ages for academic and life success, with their unique needs and individualized goals in mind. We believe that by living out these values with our mission in mind, we are able to reach students in a more personalized way—beyond the boundaries of the classroom.

Bright Futures LAB is always striving to continuously enhance the trajectory of students' lives.

OUR VISION

We believe a supplemental educational program should always...

- *Be conducted in a constructive atmosphere of learning using a variety of tutoring techniques tailored to each student's individual learning style;
- *Provide a positive experience and opportunities for every student to improve their skills and build self-esteem;
- *Deliver customized educational programs designed to build the foundations of their future success by helping them to become independent learners;
- *Help all our students to achieve their personal education goals;
- *Deliver programs for each student to cultivate the learning skills necessary for life success;
- *Be supported by a highly-qualified team of professionals who understand and meet the needs of each student.

OUR VALUES

Our work here at the Bright Futures LAB, LLC with students and the community will be guided and informed by our beliefs and commitments to respecting all people, valuing diversity, and remaining committed to equality. We also value the participation and recognize the contribution of volunteers within organizations and communities.

WE CAN DO HARD THINGS!

Making a Difference in Lives Through Education!

Children must be taught how to think not what to think.

Every student can learn, but not in the same way or the same way.
