

ACADEMIC SUCCESS

Bright Futures LAB, LLC

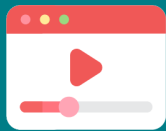

Bright Futures LAB, LLC believes a supplemental educational program should always...

- *Be conducted in a constructive atmosphere of learning using a variety of tutoring techniques tailored to each student's individual learning style;
- *Provide a positive experience and opportunities for every student to improve their skills and build self-esteem;
- *Deliver customized educational programs designed to build the foundations of their future success by helping them to become independent learners;
- *Help all our students to achieve their personal education goals;
- *Deliver programs for each student to cultivate the learning skills necessary for life success;
- *Be supported by a highly-qualified team of professionals who understand and meet the needs of each student.

Visual Learning

Using pictures, diagrams, images, and spatial understanding to help learn.

Verbal Learning

Using words both in speech and writing!

Social Learning

Learning new things as a group. Explaining the understanding of the learned material to a group & working together to problem solve.

Physical Learning

Using the body, hands, and sense of touch to help learn.

Logical Learning

Using logic, reasoning systems, and sequences.

Combination Learning

Combining two or more learning styles to achieve academic success!

"Every student can learn, but not in the same day or the same way!"
